Johnson, it still maintains the highest global circulation of any African American-focused magazine. *A Wife and Mother Suddenly Vanishes*. Frank Hoiberg is a retired NYPD detective who has helped put away countless drug dealers, murderers, and other dangerous criminals during his career as a cop. But now he is faced with the most heart-stopping case of his life. As he and his wife, Katherine, go out on Halloween night in Manhattan, Katherine mysteriously disappears after volunteering to go up on stage at a show at Rockefeller Center. The case has the New York Police Department puzzled as they race to find a suspect and a motive. Then a judge is brutally murdered, and a prosecutor is shot to death in Chicago, setting off a dramatic chain of events, putting an entire city in lethal danger. Now, agent Alexis Fields and her team must get involved, and are searching for clues that could possibly link the high-profile killings while hoping to find Katherine Hoiberg still alive. But the deeper Fields digs, the more terrifying things become. Soon she finds herself in the throes of a deadly conspiracy and realizes that now she's immersed in her most harrowing challenge yet. In this pulse-pounding suspense-filled novel, mysteries and lives unravel all the way up until a shocking ending. Fans of page-turning thrillers will definitely not want to miss "Girl Abducted." When Mario attacks Natalia again she is transferred to a hospital in Madrid with serious injuries. There she meets Doctor Engel, a handsome and attractive German, with a Spanish mother, who is willing to help her. When the doctor discovers that it is a case of domestic abuse and that the life of the girl is in serious danger, he convinces her to leave her aggressor. When Mario finds out, the death threats begin. Natalia and Engel discover that there is something more between the two of them than a simple doctor-patient relationship and that their past is not as different as it seemed at first. Mario will try by all means to end the life of his ex-girlfriend, whatever the price that he must pay for it. Despite the love that Natalia and Engel end up feeling for each other, there is something that prevents them from being together... Smart

manufacturing is a broad category of manufacturing that employs computer-integration, high levels of adaptability and rapid design changes, together with digital information technology and a technically-trained workforce. This book presents the proceedings of SMMP2022, the 2022 International Conference on Smart Manufacturing and Material Processing, held on 12 and 13 August 2022 as a virtual event due to continuing restrictions related to the COVID-19 pandemic, and hosted from Shanghai, China. The conference provides a platform for researchers and scientists from smart manufacturing and material sciences to come together with researchers from various other application areas to discuss problems and solutions, identify new issues, and shape future directions for research. The conference received 60 submissions. These were submitted to a rigorous peer review process by a committee of experts from various disciplines, after which, 23 were accepted for presentation at the conference and publication here. The topics covered include materials processing and product manufacture, sensors and smart material systems, functional materials, industrial automation and process control, and discussion of the state-of-the-art and future direction of smart manufacturing and material sciences. Providing an overview of current developments in smart manufacturing and material processing, the book will be of interest to all those working in the field.
