A new collection of real—and really hilarious—wrong answers. This all-new collection of hilarious, totally wrong, real test answers serves a fresh batch of A+ wit misapplied to F- quiz scores. A little studying would reveal that the most powerful light source known to man isn't "lightsabers," nor do we salt the roads when it snows "to make them taste better." But where's the fun in that? From the same wellspring of failure as the million-selling F in Exams series, this special pop quiz collection will amuse and entertain anyone preparing to face down a test paper as well as those just glad to be far away from a classroom. Four books in one: The ultimate compendium of the New York Times–bestselling series filled with hilariously wrong test answers from real-life classrooms. This fun omnibus features the complete content from all four books in the popular series—F in Exams, F for Effort, F this Test, and F in Exams: Pop Quiz—plus more than one hundred brand-new, sadly real, hilariously wrong, and sometimes admirably creative student answers (Q: What is the role of a catalyst in a chemical reaction? A: It lists the cats involved). Also including bonus trivia in the form of "Stuff They Should Have Taught Us in School" facts (did you know a sneeze can travel up to 100 MPH?), this A+ collection will amuse anyone facing down a test as well as those happy to have the classroom behind them. ? Best wishes, Josep This book contains two high-quality practice tests of 80 questions each - with answers and explanations - to help you pass or improve your score on the free online Neo4j Certified Professional exam. \* All questions are closely emulated from those currently found in the actual exam, so you'll not waste time on anything else. \* Unlike the real exam, you'll know right away what questions you missed, and what the correct answers are. \* Detailed explanations with external references for any possible choice, in each practice test question. \* Quiz types distributed close to 50% multi-choice + 25% multi-select + 25% True/False. \* Domains distributed close to the real exam: 40% Cypher + 30% Intro + 20% Modeling + 10% Developer. \* Questions will test you on Neo4j version 3.x, but explanations will have updates on deprecated features and change history. Why not just trying again and again the free online exam, until I pass? \* Because starting May 2020, you can try only once a day the real online exam. \* Because the high number of multi-answer questions and the gotcha tricks may give you no idea what went wrong. \* Because it is time consuming and you can easily get stuck at the same low scoring mark. \* Because nothing tells you where and what you failed, and next time you will likely make the same wrong choices. \* Because you can hardly improve without knowing what went wrong. \* Because you may want to get a better passing score anyway, as long as it appears on your issued certificate. Same e-book as LIVE practice
