Herb Ritts Nov 19 2022 Presents a collection of photographs by the iconic American artist, whose career as a fashion and fine art photographer spanned a period of thirty years until his untimely death from AIDS in 2002.

Perle and Williams on Publishing Law Dec 16 2019 This valuable handbook covers the relations between writer/publisher and publisher/public, including the latest approaches to clearing text for libel, privacy, and related legal exposure, contracts, negotiating royalties, advances, options, writer's warranty, subsidiary rights splits; intellectual property issues, including electronic publishing and software, trademark and copyright law, filing procedures; antitrust issues; with expert analysis on numerous other topics. By Mark A. Fischer, E. Gabriel Perle and John Taylor Williams. Perle, Williams and Fischer on Publishing Law, Fourth Edition describes contract and problem issues commonly encountered in negotiating royalties, advances, options, writer's warranty, subsidiary rights splits, and much more. You'll also find intellectual property issues as they affect publishing, including electronic publishing and software, trademark and copyright law, filing procedures, antitrust issues, and more, including: Extensive coverage of copyright issues including fair use, duration and ownership. International considerations in publishing including coverage of conventions and treaties. The authors also look at international issues involved in contract drafting. Complete coverage of moral rights, what they are and how they are treated both domestically and internationally. An overview of how antitrust laws in the US impact publishing rights. Publishing contracts are examined in depth. Given that the publishing landscape now includes eBooks, periodicals, traditional print and multimedia considerations, drafting an effective contract has become even more important. The authors explore this topic in great detail. And much more.

Alice Faye Nov 07 2021 Alice Faye's sweet demeanor, sultry glances, and velvety voice were her signatures. Her haunting rendition of "You'll Never Know" has never been surpassed by any other singer. Fans adored her in such films as Alexander's Ragtime Band, Rose of Washington Square, Tin Pan Alley, Week End in Havana, and Hello, Frisco, Hello. In the 1930s and 1940s she reigned as queen of 20th Century Fox musicals. She co-starred with such legends as Shirley Temple, Tyrone Power, Carmen Miranda, and Don Ameche and was voted the number-one box-office attraction of 1940, placing ahead of Bette Davis and Myrna Loy. To a select cult, she remains a beloved star. In 1945 at the pinnacle of her career she chose to walk out on her Fox contract. This remarkable episode is unlike any other in the heyday of the big-studio system. Her daring departure from films left Fox mogul Darryl F. Zanuck and the rest of the movie industry flabbergasted. For years she had skirmished with him over her roles, her health, and her private life. His heavy-handed film editing of her fine work in Otto Preminger's drama *Fallen Angel*, a role she had fought for, relegated Faye to the shadows so that Zanuck could showcase the younger Linda Darnell. After leaving Fox, Faye (1915-1998) devoted herself to her marriage to radio star Phil Harris, to motherhood, and to a second career on radio in the *Phil Harris Alice Faye Show*, broadcast for eight years. She happily gave up films in favor of the independence and self-esteem that she discovered in private life. She willingly freed herself of the "star-treatment" that debilitated so many of her contemporaries. In the 1980s she emerged as a spokeswoman for Pfizer Pharmaceuticals, touring America to encourage senior citizens to make their lives more meaningful and vital. Before Betty Grable, before Marilyn Monroe--Alice Faye was first in the lineup of 20th Century Fox blondes. This book captures her special essence, her work in film, radio, and popular music, and indeed her graceful survival beyond the silver screen.

Free Market Fairness Mar 19 2020 "This book provides an original defense of classical liberalism. Tomasi argues that the high liberal conception of free and equal moral persons requires robust economic liberties as a condition of individual independence and self-authorship, while also justifying social supports for the less advantaged. *Free Market Fairness* is an important contribution to liberal thought."--Samuel Freeman, University of Pennsylvania "Tomasi's 'market democracy' is a fresh, important research program."--Elizabeth Anderson, University of Michigan "The great political power of free market ideas in recent decades has been unmatched by philosophical and moral defenses. John Tomasi's fresh exploration of market liberty will challenge orthodoxies left and right. An important and timely book."--Stephen Macedo, Princeton University "This is one of the very best philosophical treatments of libertarian thought, ever. John Tomasi cements his position as one of America's leading social and political philosophers."--Tyler Cowen, author of *Creative Destruction* "This book represents the most ambitious recent effort by a political philosopher to square the circle: free markets and fairness. Even readers who disagree with Tomasi's conclusions will find insight and clarity on every page."--Richard Epstein, New York University "Tomasi's elegant book resembles a long and friendly conversation between Friedrich Hayek and John Rawls--a conversation which, astonishingly, reaches agreement."--Deirdre McCloskey, author of *Bourgeois Dignity* and *The Bourgeois Virtues* "Tomasi is sympathetic to, and captures much of the point of, positions to the right of his, and positions to the left. The result is disarming and genuine. Readers will find themselves turning the pages, hoping not so much to spot the flaw as simply to learn something, and they will not be disappointed."--David Schmidtz, University of Arizona "This book makes a case that needed making and that will have a large impact on contemporary thinking about social justice."--Michael Zuckert, University of Notre Dame "Hayekian freedom and Rawlsian social justice both evoke attractive visions of how human beings might live together--something seldom acknowledged in our polarized political world. John Tomasi's *Free Market Fairness* treats both traditions with depth,

nuance, and unremitting fair-mindedness, and then points us toward a synthesis. Social democrats and libertarians equally need to read this book."-- Charles Murray, American Enterprise Institute "Political philosophers are apt to dig in to carefully constructed ideological bunkers from which they lob argumentative mortar shells at their opponents. John Tomasi prefers instead to build bridges. Well-crafted and provocative, *Free Market Fairness* will surely stimulate much conversation--and perhaps a few mortar rounds in response."--Loren Lomasky, University of Virginia "This is a terrific book--lively, stimulating, novel, and important. Written with clarity and lightness, it is appealingly wide-ranging, spanning political philosophy, intellectual history, and more. It will be widely read and cited."--Jacob T. Levy, McGill University

The Quest for God in the Work of Borges Jan 17 2020 This book argues that the quest for God, though largely unheeded by the critical canon, was a major and enduring preoccupation for Borges. This is shown through careful analysis both of his essays, with their emphasis on his philosophical-theological explorations, and of the narrative articulations which are his stories. It is in the poetry of his middle and closing years, however, that Borges' search is most manifest, as it is no longer obscured. Spanning different periods of his life, and different literary genres, Borges' work attests to a maturing and evolving quest. The book reveals Borges' engagement as an active and evolving process and its chronological structure allows the reader to trace his thought over time. Flynn shows that the spiritual component in Borges' writing drives key texts from the 1920s to the 1980s. Offering an interpretation that unlocks a fuller significance of his work, she shows how Borges' reflections on time and identity are symptomatic of a deeper, spiritual searching which can only be answered by a Divine Absolute.

Mergent's Industry Review Nov 14 2019

Indian Defence Review Jun 21 2020

CEO-Speak May 21 2020 "Through a rhetorical analysis of the speeches and letters of chief executive officers from Bill Gates to Jack Welch, annual reports to shareholders, press releases, and company newsletters and Websites, Joel Amernic and Russell Craig show that CEOs are elitist exclusionary propagators of an often biased stream of discourse. They examine the Internet as a powerful new platform for CEO-speak and find that the language of CEOs evokes an ideology of neo-liberalism, extreme individualism, hyper-competition, and global capitalism. Raising alarm bells regarding the ethos of corporate leadership, the authors urge the business press, academia, and the accounting and auditing community to take a more critical approach toward corporations." --Résumé de l'éditeur.

Government and the Transformation of the Gaming Industry Dec 20 2022 During the 1990s the gambling industry transformed its image by referring to itself as the gaming industry. While critics of the industry scoffed at this transformation as merely a meaningless name change, it has had profound effects on the business and public policies that face the newly transformed gaming industry. The book is divided into three parts. The first part focuses on the historical and cultural forces that have shaped the new gaming industry. Emphasis is placed on the two types of games (agon games of skill, and alea games of chance). It is shown that the types of games a society embraces have a significant impact on whether gambling is permitted to enter the mainstream of the entertainment industry. The second part of the book analyzes how each segment (pari mutuel betting, lotteries and casinos) competes in the new industry. The political and social implications of gaming are the focus of the final part, which concludes with a series of recommendations that will enable the industry, public policy officials and anti gambling activists to construct policies that mitigate some of the problems associated with gambling. The book will be of particular interest to students, practitioners and scholars in public policy. It will also be pertinent to readers in economics, political science and business.

Crises in the Contemporary Persian Gulf Aug 04 2021 This work addresses the main strategic issues in today's Persian Gulf, a region that could easily produce a crisis that would encourage international political and economic involvement. Topics discussed include: strategic balances, modernization, internal stability, and weapons of mass destruction.

Keyboard Oct 18 2022

Horizon Nov 26 2020 HORIZON: GREG JOHNS, SCULPTURES 1970-2002 traces the ideas and career of the Adelaide-based artist from his first commission in the late 1970s through to participation in recent exhibitions in New York and Bahrain. The story is told by noted Adelaide writer and art critic, John Neylon of the Art Gallery of South Australia. His text examines all aspects of the artist's development as a creator of large-scale public sculptures and explains the philosophy that has shaped the work. The reader is led through a rich array of ideas and images relating to the use of sculptural form as a language in which the works serve as metaphors for the human psyche and the natural/cosmic systems that define our world. A number of key sculptures are examined in detail - as are issues surrounding public art and its reception within the community. The processes of commissioning, creating and installing the sculptures are described along with intimate glimpses into the creation of each work as it proceeds from the artist's studio, to the engineering works where it is fabricated, and then on to its intended site.

Service Manual Mirage 1999 Feb 22 2023

Official Summary of Security Transactions and Holdings Reported to the Securities and Exchange Commission Under the Securities Exchange Act of 1934 and the Public Utility Holding Company Act of 1935 May 01 2021

Mirage Sep 05 2021 There is a simplicity to *Mirage*, this story of impoverished lovers whose brief happiness is cut short in the harshest of ways, which belies the skill of the telling. Set in a closed desert kingdom in our own times, it tells how Sayeed, a good but unexceptional man, finds love with a woman who would have been beyond his reach had not poverty and widowhood brought her low. It is a classic tale, in the style of D.H. Lawrence and Thomas Hardy, and set to become a kind of modern classic. The scene is set with unpretending tenderness: the hospital where Sayeed works, the kindness of his friends, the struggle to make a decent home for his new wife Latifa and her child, the bustle of his brother's home, the simple wedding. Heat, dirt and squalor are the backdrop to the tragedy, Latifa, confused and far from home, the terrified victim. Petty jealousy, sexual desire and religious fervour combine to bring her down and to leave the reader stunned. As the book ends, there is a sense of an unfinished story - what will become of Latifa's child? How will she survive in the oppressive world her mother has left her in? *Mirage* emerged from 1999's Booker judging as the unexpected favourite of the chairman, Gerald Kaufman, and other judges, just missing the final shortlist. It was later chosen by two of the judges, Boyd Tonkin and Shena Mackay as one of their books of that year. What made this championing of a first novel all the more surprising was the fact that it had been published by the author himself. Chandraratna plans to take up the story of Sayeed through the eyes of Latifa's little daughter Leila in the second volume of a proposed trilogy.

The Art of 3D Computer Animation and Effects Dec 28 2020 Master the art of computer animation and visual effects production with the latest edition of this cutting-edge guide This remarkable edition of *The Art of 3D Computer Animation and Effects* offers clear, step-by-step guidelines for the entire process of creating a fully rendered 3D computer animation. With up-to-date coverage of the latest computer animation styles and techniques, this versatile guide provides insightful information for creating animations and visual effects—from creative development and

preproduction to finished animation. Designed to work with any computer platform, this Fourth Edition cuts through technical jargon and presents numerous easy-to-understand instructive diagrams. Full-color examples are presented—including VFX and animated feature movies, games, and TV commercials—by such leading companies as Blue Sky, Blur, BUF, Disney, DreamWorks, Electronic Arts, Framestore, ILM, Imagi, Microsoft, Mac Guff, The Mill, Menfond, Pixar, Polygon, Rhythm & Hues, Sony Imageworks, Tippett, Ubisoft, and Weta, and many other studios and groundbreaking independent artists from around the world. This fully revised edition features new material on the latest visual effects techniques, a useful update of the traditional principles of animation, practical information on creative development, multiple production pipeline ideas for shorts and visual effects, plus updated information on current production trends and techniques in animation, rendering, modeling, rigging, and compositing. Whether you are a student, an independent artist or creator, or a production company team member, *The Art of 3D Computer Animation and Effects, Fourth Edition* gives you a broad palette of tips and techniques for bringing your visions to life through 3D computer animation. Unique focus on creative development and production issues Non-platform specific, with multiple examples illustrated in a practical, step-by-step approach The newest computer animation techniques, including facial animation, image-based and non-photorealistic rendering, model rigging, real-time models, and 2D/3D integration Over 700 full-color images Encyclopedic timeline and production pipelines

Globalization Feb 16 2020 This study focuses on three major questions in an effort to define and measure cultural, political, and demographic forces that drive globalization. First, what have the different national industries contributed to the globalization process, and how has this affected the rankings of passively and actively participating national economies? Second, how significant have the billions of dollars in foreign direct investments been to the world's output of products and services? Finally, what are the political implications of America's most recent neo-conservative doctrine of the new world order or the New American Century on globalization's future?

How Sex Changed Oct 06 2021

Mirage & Other Stories May 13 2022

Indo-Russian Military and Nuclear Cooperation Dec 08 2021 In this book Jerome M. Conley argues that strained Indo-American relations stem from a deep nexus of historical factors. Conley begins his examination of the delicate balance of power in the region by looking back to the Moscow-New Delhi deal during the Cold War. He argues that the dialogue between the United States, India, and Russia that was established during this era has persisted only because of American ambivalence, short-term Indian needs, and Russian economic trends. Consequently, the United States must sow the seeds for long-term trust and cooperation with India to ensure limited and controlled nuclear expansion. This book will appeal to international affairs and security studies scholars, foreign policy historians, and anyone interested in exploring the complexities of regional strategic arms control.

Directory of Corporate Counsel Oct 26 2020 Completely updated for 2015 -2016, the Directory of Corporate Counsel remains the only comprehensive source for information on the corporate law departments and practitioners of the companies of the United States and Canada. Profiling over 22,000 attorneys and more than 5,000 companies, it supplies complete, uniform listings compiled through a major research effort, including information on company organization, department structure and hierarchy, and the background and specialties of the attorneys. This newly revised 2 volume edition is easier to use than ever before and includes five quick-search indexes to simplify your search: Corporations and Organizations Index Geographic Index Attorney Index Law School Alumni Index Nonprofit Organizations Index Former 2014 - 2015 Edition: ISBN 9781454843474 Former 2013 -2014 Edition: ISBN #9781454825913 Former 2012 -2013 Edition: ISBN #9781454809593

Cosmological Crossroads Jun 02 2021 This book has grown out of lectures held at a summer school on cosmology, in response to an ever increasing need for an advanced textbook that addresses the needs of both postgraduate students and nonspecialist researchers from various disciplines ranging from mathematical physics to observational astrophysics. Bridging the gap between standard textbook material in cosmology and the forefront of research, this book also constitutes a modern source of reference for the experienced researcher in classical and quantum cosmology.

Mirage Mar 11 2022 This novel goes behind the glittering facade of opulence, splendour and royal privilege, and into the heart of a modern-day harem. Seeking to expose the reality of life behind the veil, it tells the story of a young woman's fight for freedom.
