**Everything to Gain** Mar 09 2022 It has been ten years since I completed publishing my first collection of poetry. It would seem only fitting that in the time since, I've realized that I had everything to lose. Perspective can change, even when you fight those changes tooth and nail. Out of all the loss that we allow to cloud our judgment, opportunity rises, and if we have the courage to face it, there is a confidence that comes with knowing, it was never about losing...it is understanding that even in our darkest days, we have everything to gain.

**The Book of Illusions** Mar 29 2021 The Book of Illusions, written with breath-taking urgency and precision, plunges the reader into a universe in which the comic and the tragic, the real and the imagined, and the violent and the tender dissolve into one another. One man's obsession with the mysterious life of a silent film star takes him on a journey into a shadow-world of lies, illusions, and unexpected love. After losing his wife and young sons in a plane crash, Vermont professor David Zimmer spends his waking hours mired in grief. Then, watching television one night, he stumbles upon a lost film by silent comedian Hector Mann, and remembers how to laugh . . . Mann was a comic genius, in trademark white suit and fluttering black moustache. But one morning in 1929 he walked out of his house and was never heard from again. Zimmer's obsession with Mann drives him to publish a study of his work; whereupon he receives a letter postmarked New Mexico, supposedly written by Mann's wife, and inviting him to visit the great Mann himself. Can Hector Mann be alive? Zimmer cannot decide - until a strange woman appears on his doorstep and makes the decision for him, changing his life forever. 'A nearly flawless work . . . Auster will be remembered as one of the great writers of our time.' San Francisco Chronicle 'Auster's elegant, finely calibrated The Book of Illusions is a haunting feat of intellectual gamesmanship.' TheNew York Times

**Everything** Jan 07 2022 Readers discover exactly what it takes to grow in Christ and become like Him. "I don't write this book as a condemnation or as a sermon. The last thing I want to do is provide a 'how to be the best Christian in ten easy steps' guide. I pen these words as a fellow struggler who is learning that what we think about God matters, how we allow Him to reign in our hearts matters, and how we obey Him in the moment matters. It all matters. Everything." Author and speaker Mary DeMuth has been abused, foreclosed, abandoned, and betrayed. She has been pressed and drained till it was too much . . . But it was just enough to bring her to a place of surrender, piece by precious piece. In that surrender, she found the freedom of giving everything to God. And through Scripture, community, and the work of the Holy Spirit, she gives it all over again, every day. In this gentle and challenging book, DeMuth describes the process and the nuances that shape us to be more like Christ. Her words are clear, vulnerable, and thought provoking, and every chapter is infused with Scripture. Most of all, DeMuth provides personal and practical evidence that there is no greater pursuit than Christ. We must surrender everything, but it does not compare to the Everything He is, the Everything He gives.

Rock Bottom to Rock Star Feb 14 2020 Can you remember that one time you got recognized or someone thanked you for your contribution to their life? You were a rock star, even for just one second. This book isn't about a charmed path to success or some untouchable fairy tale that nobody can relate to-this is about going from rock bottom to rock star, something that everybody can relate to. In his first book, Blair shared the brutally honest story of how he went from an at-risk youth, sleeping on a mattress on the floor of a shack, to a self-made multimillionaire by his early twenties. As his story became a national sensation, fans started asking him how they too could become entrepreneurs, take their careers to the next level, and achieve financial freedom. *Rock Bottom to Rock Star* answers those questions. Blair has battled extreme obstacles: life as a former gang member, balancing a demanding career with single parenthood, building and selling multiple companies, and making and losing tens of millions of dollars (sometimes all in one day). He wants to help others avoid the mistakes he made in the school of hard knocks, so he has compiled his unique advice for going from rock bottom to rock star in whatever field you chose to pursue. Much of his advice is counterintuitive, and definitely not what you would learn in business school. Here's one example: "Don't believe your own hype. The moment you start celebrating, you've left the stage. It wasn't celebration that made you a rock star. It was hard work." If you're serious about making the most of your life and you're ready to become the "rock star next door" instead of just looking up to them, this may be the most rewarding book you'll ever read.

**The Impact Equation** Apr 10 2022 "Anyone can write a blog post, but not everyone can get it liked thirty-five thousand times, and not everyone can get seventy-five thousand subscribers. But the reason we've done these things isn't because we're special. It's because we tried and failed, the same way you learn to ride a bike. We tried again and again, and now we have an idea how to get from point A to point B faster because of it." Three short years ago, when Chris Brogan and Julien Smith wrote their bestseller, *Trust Agents*, being interesting and human on the Web was enough to build a significant audience. But now, everybody has a platform. The problem is that most of them are just making noise. In *The Impact Equation*, Brogan and Smith show that to make people truly care about what you have to say, you need more than just a good idea, trust among your audience, or a certain number of followers. You need a potent mix of all of the above and more. Use the Impact Equation to figure out what you're doing right and wrong. Apply it to a blog, a tweet, a video, or a mainstream-media advertising campaign. Use it to explain why a feature in a national newspaper that reaches millions might have less impact than a blog post that reaches a thousand passionate subscribers. Consider the phenomenally successful British singer Adele. For most musicians, onstage banter basically consists of yelling "Hello, Cleveland!" But Adele connects with her audience, pausing between songs to discuss a falling-out with her friends, or the drama of a break up. Each of these moments comes off as if she were talking directly with you, and you can easily relate. Adele has Impact. As the traditional channels for marketing, selling, and influencing disappear and more people interact mainly online, the very nature of attention is changing. *The Impact Equation* will give you the tools and metrics that guarantee your message will be heard.

Everything to Gain Sep 15 2022 A gripping story of triumph over tragedy from the author of *A Woman of Substance*

Losing to Gain Jun 12 2022 In Matthew 16:24-26 (KJV) says Then said Jesus unto his disciples, If any man will come after me, let him deny himself, and take up his cross and follow me. For whosoever will save his life shall lose it: and whosoever will lose his life for my sake shall find it. For what is a

man profited, if he shall gain the whole world and lose his own soul? Or what shall a man give in exchange for his soul? Our life is more fulfilled and meaningful when we surrender our will to God. Life definitely will hand you surprises, unexpected losses or disappointments but follow Jesus. Allow God to take control, to lead and guide you in everything concerning your life. Only God can take less and do more; take nothing and make something out of it. And God receives the glory. What we consider to be a loss will be a great gain when we are in a relationship with Jesus Christ. It is all about accepting his love, walking in it, living a life that displays it. In a relationship with him, we learn true humility; we develop a prayer life and learn what should have destroyed us only made us stronger. You are uniquely gifted and have an assignment to fulfill in the body of Christ. As stated by the Apostle Paul in Romans 12:1(KJV) that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service, and then you will be on a journey destined for greatness.

**Lose to Gain** May 19 2020 A crucial issue that confronts development in South Asia is how to build a better life for people displaced by infrastructure development projects. This book comprises recent displacement and resettlement case studies conducted by eight anthropologists in South Asia. Each contributor wrote around the key theme of the book: Is involuntary resettlement a development opportunity for those displaced by development interventions? In this book, "resettlement" carries a broader meaning to include physical and economic displacement, restricted access to public land such as forests and parks, relocation, income rehabilitation, and self-relocation. The book demonstrates that despite significant progress in national policies, laws, and regulations, their application still requires more commitment, adequate resources, and better supervision.

*Nothing to Lose, Everything to Gain* Jan 19 2023 Conservative political commentator Kathy Barnette shares how liberal leadership has failed the black community and how being a democrat is not synonymous with your skin color. During his first historic run for the presidency in 2016, Donald Trump made an impassioned plea to the black community. "Give me a chance," he said. "What the hell do you have to lose?" According to Kathy Barnette, black Americans have nothing to lose, except

for crime ridden communities, neighborhoods that have become shooting galleries, more social welfare programs, and the mocking indifference of the Democrat party. Barnette argues that even a cursory look into the black community reveals the destabilizing effect liberal policies have had on the black family. There was a time when Barnette bought into the same lie as everyone else—that if you're black, you must be a democrat. In fact, she was born into the Democrat party just as much as she was born into brown skin. There was no point of separation. Until she began to understand what it truly means to be black in America. Barnette contends that being black is more than just the color of her skin. It's a culture and a consciousness, too. In *NOTHING TO LOSE, EVERYTHING TO GAIN*, Barnette writes about why liberal policies have failed the black community time and time again - and will fail the larger American community as Democrats rush to the hard Left of the party. From the "Great Society" to Kanye West's ongoing war with the liberal establishment, this book provides sharp, eloquent commentary on the most pressing issues facing black Americans today: broken family structure, loss of identity, the legacy of slavery, and more. Barnette argues that President Trump has not been willing to presume that the "black vote" is a foregone conclusion resting comfortably in the back pockets of Democrats. With his plainspoken style and willingness to face harsh truths, the president has done more for the black community than any president since Abraham Lincoln. Barnette insists the time is now to get back what has been lost, to fix the brokenness, and to recognize and support those who are actually working in our favor. We have nothing to lose, and even more to gain.

**On the Heights of Despair** Jul 21 2020 It presents us with the youthful Cioran, who described himself as "a Nietzsche still complete with his Zarathustra, his poses, his mystical clown's tricks, a whole circus of the heights." It also presents Cioran as a connoisseur of apocalypse, a theoretician of despair. For Cioran, writing and philosophy are closely related to physical suffering: both share the "lyrical virtues" that alone lead to metaphysical revelation. The result is a book that becomes a substitute for as well as an antidote to suicide. By enacting the struggle of the Romantic soul against God, the universe, and itself, Cioran releases a saving burst of lyrical energy that carries him safely out of his desperation. *On the Heights of Despair* shows the philosopher's first grappling with themes he would return to in his mature works: despair and decay, absurdity and alienation, futility and the irrationality of existence.

**The Psychology of Money** Aug 02 2021 Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make

financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In *The Psychology of Money*, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics.

**Losing Ourselves** Jun 19 2020 Why you don't have a self—and why that's a good thing In *Losing Ourselves*, Jay Garfield, a leading expert on Buddhist philosophy, offers a brief and radically clear account of an idea that at first might seem frightening but that promises to liberate us and improve our lives, our relationships, and the world. Drawing on Indian and East Asian Buddhism, Daoism, Western philosophy, and cognitive neuroscience, Garfield shows why it is perfectly natural to think you have a self—and why it actually makes no sense at all and is even dangerous. Most importantly, he explains why shedding the illusion that you have a self can make you a better person. Examining a wide range of arguments for and against the existence of the self, *Losing Ourselves* makes the case that there are not only good philosophical and scientific reasons to deny the reality of the self, but that we can lead healthier social and moral lives if we understand that we are selfless persons. The book describes why the Buddhist idea of no-self is so powerful and why it has immense practical benefits, helping us to abandon egoism, act more morally and ethically, be more spontaneous, perform more expertly, and navigate ordinary life more skillfully. Getting over the self-illusion also means escaping the isolation of self-identity and becoming a person who participates with others in the shared enterprise of life. The result is a transformative book about why we have nothing to lose—and everything to gain—by losing our selves.

*Daodejing* Jan 27 2021 'Of ways you may speak, but not the Perennial Way; By names you may name, but not the Perennial Name.' The best-loved of all the classical books of China and the most universally popular, the *Daodejing* or *Classic of the Way and Life-Force* is a work that defies definition. It encapsulates the main tenets of Daoism, and upholds a way of being as well as a philosophy and a religion. The dominant image is of the Way, the mysterious path through the whole cosmos modelled on the great Silver River or Milky Way that traverses the heavens. A life-giving stream, the Way gives rise to all things and holds them in her motherly embrace. It enables the individual, and society as a whole, to harmonize the disparate demands of daily life and achieve a more profound level of understanding. This new translation draws on the latest archaeological finds and brings out the word play and poetry of the original. Simple commentary accompanies the text, and the introduction provides further historical and interpretative context. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. *Nothing To Lose Everything To Gain* Jan 15 2020 ""Ryan Blair paham bagaimana caranya membangun sebuah bisnis dari nol. Seperti banyak pengusaha lainnya dia tidak memiliki pendidikan bisnis yang formal. Akan tetapi dia memiliki insting bertahan hidup yang sangat tinggi, ketekunan, dan, di atas segalanya, dia memiliki pola pikir """"nothing to lose."""" Kehidupan kelas menengah Blair saat masih belia berhenti saat ayahnya yang kasar menjadi pecandu narkoba dan meninggalkan keluarganya. Blair dan ibunya pindah ke sebuah lingkungan yang buruk, dan dengan cepat dia keluar-masuk Lapas Remaja, bergabung dengan suatu geng hanya untuk bertahan hidup. Kemudian ibunya jatuh cinta dengan seorang pengusaha sukses yang kemudian membimbing Ryan. Dengan bantuan dari mentornya inilah, Ryan mengubah dirinya menjadi seorang pengusaha yang luar biasa sukses. Dia membangun perusahaan pertamanya pada usia 21 tahun, dan sejak saat itu dia telah membangun dan menjual sejumlah perusahaan dengan nilai ratusan juta dolar. Dalam buku ini, Blair menunjukkan pada para pembaca cara memulai dan membangun bisnis yang menguntungkan dengan mengikuti filosofi-filosofinya yang sering kali bertolak belakang dengan filosofi lain. Sebagai contoh: - Di dalam Lapas Remaja, jika pada hari pertama Anda membiarkan seseorang mengambil susu Anda, orang itu akan mengambilnya setiap hari. Hal yang sama berlaku di dalam dunia bisnis. - Ketika Anda sedang berurusan dengan uang investor, Anda harus bersikap seolah-olah Tuhan sendiri yang telah menuliskan cek itu untuk Anda. - Kebanyakan rancangan bisnis hanya berharga seperti selembar kertas. - Upaya saja tidak akan cukup untuk membiayai hidup Anda. Jangan bersimpati terhadap karyawan yang menceritakan kepada Anda betapa kerasnya mereka bekerja untuk Anda. - Kewirausahaan sangat menyenangkan, karena Anda dapat mengatur jam kerja Anda sendiri - Anda dapat memilih 17 jam mana pun dalam satu hari, tujuh hari dalam seminggu. Tetapi jika Anda sedang mengerjakan sesuatu yang Anda cintai, pekerjaan itu tidak akan melelahkan Anda seperti lingkaran kematian jam kerja yang dimulai dari jam 9 pagi sampai jam 5 sore. Buku ini merupakan panduan inspirasional bagi mereka yang bersedia bekerja keras, meluangkan waktu, dan mendedikasikan diri mereka untuk meraih cita-cita mereka. Blair membagikan pelajaran-pelajaran yang ia terima dari mentornya, nasihat-nasihat dari pengalamannya sendiri yang mengubah hidupnya, dan menyediakan sebuah peta untuk mencapai kesuksesan dalam dunia kewirausahaan. **The 48 Laws of Power** May 31 2021 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.
