You continue, ..". you know how Leonardo DiCaprio had to kill a bear to finally win that Oscar? Well my organization has something like that, except we don't recognize actors, we recognize everyday people that do extraordinary things in our industry." LEARN The Foundational Principles of Human Rights and Democracy to STOP Current Worldwide 'Creeping Totalitarianism' Now Threatening LASTING Democracy! YOU are in the flow of living history! The future of Human Rights and Democracy worldwide is being set RIGHT NOW, and YOU can help make sure they stop eroding away! LEARN DEMOCRACY 101 and Join a Worldwide Movement of EDUCATED Citizens Standing Up in SOLIDARITY to Ensure Human Rights and Democracy Last Forever on Their Firm TRADITIONAL, HISTORICAL, SCIENTIFIC and LOGICAL FOUNDATIONS! Learn How YOU Can Save Your Religious Freedom and Make Democracy Last Forever! Millions in Western nations who still hold the traditional Western values all our Human Rights and democratic freedoms were historically and logically built on (and need to last) have been made extremely uncomfortable by massive social and legal changes to Western societies over the last decades, which are now happening with increasing frequency and with increasingly anti-democratic and "totalitarian" character (the "total-control, belief-control" character typical of oppressive totalitarian States which do not understand that Democracy is government "of the people, by the people, for the people"). This effect is worse in some places than others, but 'Creeping Totalitarianism' is a worldwide trend gradually but increasingly undermining Human Rights and Democracy from their very foundations. In many jurisdictions for some time it has effectively become the case that citizens are only "free" to hold traditional Western values privately, in a home or church or synagogue, as long as those Traditional Western Values no longer influence public policy. But since, as demonstrated from undisputed historical (and scientific) facts and sound logic in DEMOCRACY 101, all Human Rights and democratic freedoms depend ultimately on the tried and true Western values they were built on, this means public policy is gradually becoming increasingly totalitarian in character. So now, as the anti-traditional, anti-democratic momentum of decades increases, in more and more places and professions people (even elected representatives) are being BULLIED INTO SILENCE about their traditional (democracy-grounding) values. In one region more advanced in 'Creeping Totalitarianism' (WARNING US WHERE THE REST OF THE WEST IS HEADING), the government just passed a new law that once

strictly implemented will mean parents will no longer even be "free" to practice and teach traditional values AT HOME without LIVING IN FEAR about being REPORTED for TRADITIONAL childrearing in their democracy's FOUNDING VALUES which the radically anti-traditional (and 'Creeping Totalitarian') government no longer considers "in the best interests of the child" but rather as grounds to take children away from their parents! ALL THIS MADNESS is based on politicians and the voters who vote for them both being too UNEDUCATED in the history and logic underlying Human Rights and Democracy itself to know how to make Democracy last, and this sound HUMAN RIGHTS EDUCATION in a "crash course" called DEMOCRACY 101 is offered as the cure.*We can no longer afford to take for granted that Democracy, religious freedom, and Human Rights will just last if we do nothing to make them last*Any democracy that wants to REMAIN a democracy must keep its politicians accountable to democratic foundations and teach these to its citizens. OUR WESTERN DEMOCRACIES HAVE UTTERLY FAILED ON BOTH COUNTS.*There is no fruit without roots; we cannot long keep the fruit of Human Rights and Democracy without deep roots in the Traditional Western Values from which they historically and logically grew in the first place*DEMOCRACY 101 is thoroughly NON-PARTISAN, and merely calls ALL political parties to get back to their democracy's ROOTS if they have strayed*DEMOCRACY 101 details historically proven STRATEGIES for getting democratic governments compromised by totalitarian thinking to get back to their foundations.
