An NPR Best Book of the Year Labor Day, 1976, Martha's Vineyard. **The Daughters of Kobani Oct 08 2021** The extraordinary story of the women who took on the Islamic State and won. In 2014, northeastern Syria might have been the last place you would expect to find a revolution centered on women's rights. But that year, an all-female militia faced off against ISIS in a little town few had ever heard of: Kobani. By then, the Islamic State had swept across vast swathes of the country, taking town after town and spreading terror as the civil war burned all around it. From that unlikely showdown in Kobani emerged a fighting force that would wage war against ISIS across northern Syria alongside the United States. In the process, these women would spread their own political vision, determined to make women's equality a reality by fighting - house by house, street by street, city by city - the men who bought and sold women. Based on years of on-the-ground reporting, **The Daughters of Kobani** is the unforgettable story of the women of the Kurdish militia that improbably became part of the world's best hope for stopping ISIS in Syria. Drawing from hundreds of hours of interviews, bestselling author **Gayle Tzemach Lemmon** introduces us to the women fighting on the front lines, determined to not only extinguish the terror of ISIS but also prove that women could lead in war and must enjoy equal rights come the peace. Rigorously reported and powerfully told, **The Daughters of Kobani** shines a light on a group of women intent on not only defeating the Islamic State on the battlefield but also changing women's lives in their corner of the Middle East and beyond.

is an inspirational true story about a daughters fight against drug addiction through the eyes of her mother. Louise goes from a happy contented child, to a self destructive drug addict. The impact that it would have on her family especially her parents is key to it all. The story starts where the mother is looking back over the years to when it began, and how she coped with trying to help her daughter, but at the same time having to come to terms with the fact that she may lose her. It covers the constant battle over the lack of help and advice for parents from the professionals. Whilst dealing with her grief on a daily basis, she struggles to understand why this is happening. Then she has to come to terms with the revelation that a terrible event caused her beautiful daughter to take heroin in the first place, leaving the whole family distraught. Finally as her daughter battles to stay clean, a serious life threatening health problem is diagnosed which is one of the consequences of her years of drug abuse. Every time her mother thinks that its nearly over, another challenge emerges and another fight begins. This is a very emotionally charged account of pure desperation from her parents, determined to get back the daughter they feel is lost to them, never giving up hope and at times barely keeping sane, and while their daughter fights her addiction they have to face up to the trauma that led to her drug abuse.
