[The Iron-Jawed Boy and the Siege of Sol](#) Jan 13 2022 "One pantheon desperate to keep power. Another desperate to seize it. Two teenage gods stuck in the middle." Year 2302 On the Continent of Origin, deep in the deserts of the High Heat, rises one of the last remaining Citadels of the humans. Defiant and well-defended, it is known as Sol. And in this epic third installment of the Guardians of Illyria series, it will be the stage for one of the greatest conflicts yet waged between the oppressive forces of Illyria and the rebel human race. Now 14 years old, Ionikus Reaves, Thunder Lord of the Endari, is plagued by the darkness of his past and future. His powers grow stronger by the day, as do the doubts in his plans for revenge. But when the Endari scheme to forge an alliance with an unlikely foe—the humans of Sol—Ion must set aside his uncertainties. One misstep and his allies could become his enemies, his ultimate plan never come fruition. Lady Lillian of Illyria has only recently settled into her new position amongst the pantheon she long feared and respected. But soon, she finds her elven blood a problem for the pure-blooded gods of Illyria. On top of navigating their foreign customs, backstabbing, and searing whispers, she must also endure their wrath...and the dark secrets behind the fall of the previous pantheon.

[Dimensions of Madeleine L'Engle](#) Dec 12 2021 Best known for her Newbery Medal-winning novel *A Wrinkle in Time*, Madeleine L'Engle (1918-2007) had a long and successful writing career. Her books enjoyed popular acclaim and she was in constant demand to give speeches, write forewords and advise and encourage younger authors. Yet her work—particularly her adult fiction—has been largely ignored by scholars. This collection of new essays gives overdue critical attention to L'Engle's complete body of work, from her familiar young adult fiction to her religious writings, poems and short stories.

[The Holy Machine](#) Feb 20 2020 George Simling has grown up in the city-state of Illyria, an enclave of logic and reason founded as a refuge from the Reaction, a wave of religious fundamentalism that swept away the nations of the twenty-first century. Yet to George, Illyria's militant rationalism is as stifling as the faith-based superstition that dominates the world outside its walls. For George has fallen in love with Lucy. A prostitute. A robot. She might be a machine, but the semblance of life is perfect. To the city authorities, robot sentience is a malfunction, curable by erasing and resetting silicon minds. But George knows that Lucy is something more. His only alternative is to flee Illyria, taking Lucy deep into the religious Outlands where she must pass as human because robots are seen as mockeries of God, burned at the stake, dismembered, crucified. Their odyssey leads them through betrayal, war and madness, ending only at the monastery of the Holy Machine...

[The History of Archaeology](#) Jan 21 2020 *The History of Archaeology: An Introduction* provides global coverage with chapters devoted to particular regions of the world. The regional approach allows readers to understand the similarities and differences in the history of and approach to archaeology in various parts of the world. Each chapter is written by a specialist scholar with experience of the region concerned. Thus the book focuses on the earliest beginnings of archaeology in different parts of the world, and how it developed from being a pastime for antiquarians and collectors to a serious attempt to obtain information about past societies. Woven into the text are various boxes that explore key archaeologists, sites and important discoveries in the history of archaeology enriching the story of the discipline's development. With such far ranging coverage, including an exploration of the little covered development of Russian and Chinese archaeology, *The History of Archaeology* is the perfect introduction to the history of archaeology for the interested reader and student alike.

[Ancient Illyria](#) Aug 08 2021 *Illyria* is the name given to the ancient region of the Balkans on the Adriatic coast from which most historians of the Balkans believe modern Albanians descend. This illuminating work by the celebrated archaeologist, Arthur Evans, examines the lives of the ancient Illyrians and contains many penetrating insights into the region. Drawing on his extensive travels in the area in the 1880s, *Ancient Illyria* presents for the first time Evans' original analysis of the diverse archaeological sites of the region to construct a full and fascinating history. Never before published as a single volume, this classic work is still the best account and contains the most detailed research into the subject. Fully illustrated and including pictures of some Roman inscriptions which were later destroyed during the Serbian occupation of Kosovo, this invaluable guide to the archaeology and history of ancient Illyria is an essential text for all historians and everyone interested in the Balkans.

The Iron-Jawed Boy Feb 26 2023 Year 2300 Protea, island city of Eldanar Two hundred years have passed since the lands of the Outerworld humans were destroyed, save but a handful of rebellious cities. In their ruin, the last gods of Earth, the Illyrians, rose victorious. And ever since, it's with a cruel iron fist they've ruled over their subjects--desperate to keep their thrones. Ionikus Reaves knows the gods' malevolence all too well, orphaned by them after their call for a military draft on Eldanar, his home island. But when a power once dormant in Ion boils to the surface, he's whisked off to a new world where he comes face-to-face with the mighty Illyrians. For Ion is a Guardian--a reincarnated god bound to serve and protect the pantheon he's so quickly learned to hate. Now torn between his obligations as a Guardian and his hatred of the gods he's to guard, Ion finds himself in the middle of a war within himself. A war that could uncover a dark secret of the gods'...and split the pantheon in two.

Napoleon's Shield & Guardian Oct 18 2019 This outstanding biography is the story of courage. It charts the career of a superbly brave cavalryman against the rise and fall of his imperial master. Pierre Daumesnil was a loyal follower of Napoleon during his rise and his fall. Enlisting as a private soldier in 1793, he was caught up in the tumult of the Napoleonic Wars, surviving campaign after campaign and emerging as a much-decorated general and Baron of the Empire. It was a meteoric rise but one earned through hard fighting, bravery and indefatigable courage. Daumesnil accompanied Napoleon as an officer of his chasseurs and his service record reflects his years of experience on the field of battle. Daumesnil joined the French Army as a private in 1793 and was serving in Napoleon's Guides in 1797. He served in Egypt in 1798, charged at Marengo in 1800, fought at Austerlitz and Eylau, campaigned in Spain and saw action in Wagram. Terribly wounded at that battle, losing a leg, Daumesnil became governor of the fortress of Vincennes. It was here that he played his most celebrated role in the wars of Napoleon by refusing to surrender the fortress to the Allies in 1814 and again in 1815. Daumesnil's life was an adventure and one which typifies the dash, colour and verve of this astonishing period. This biography, by a leading author, will appeal to Napoleonic enthusiasts and those interested in the life and times of Napoleon's elite cavalrymen.
