The glitter and cynicism of Rome under Mussolini provide the background of what is probably Alberto Moravia's best and best-known novel — *The Woman of Rome*. It's the story of Adriana, a simple girl with no fortune but her beauty who models naked for a painter, accepts gifts from men, and could never quite identify the moment when she traded her private dream of home and children for the life of a prostitute. One of the very few novels of the twentieth century which can be ranked with the work of Dostoevsky, *The Woman of Rome* also tells the stories of the tortured university student Giacomo, a failed revolutionary who refuses to admit his love for Adriana; of the sinister figure of Astarita, the Secret Police officer obsessed with Adriana; and of the coarse and brutal criminal Sonzogno, who treats Adriana as his private property. Within this story of passion and betrayal, Moravia calmly strips away the pride and arrogance hiding the corrupt heart of Italian Fascism. Thirteen-year-old Agostino is spending the summer at a Tuscan seaside resort with his beautiful widowed mother. When she takes up with a cocksure new companion, Agostino, feeling ignored and unloved, begins hanging around with a group of local young toughs. Though repelled by their squalor and brutality, and repeatedly humiliated for his weakness and ignorance when it comes to women and sex, the boy is increasingly, masochistically drawn to the gang and its rough games. He finds himself unable to make sense of his troubled feelings. Hoping to be full of manly calm, he is instead beset by guilty curiosity and an urgent desire to sever, at any cost, the thread of troubled sensuality that binds him to his mother. Alberto Moravia's classic, startling portrait of innocence lost was written in 1942 but rejected by Fascist censors and not published until 1944, when it became a best seller and secured the author the first literary prize of his career. Revived here in a new translation by Michael F. Moore, Agostino is poised to captivate a twenty-first-century audience. Obsessive and confessional, sifting over every action and thought, *Contempt* is a tale about the precarious nature of love and integrity; a study of the limits of our

subjective nature and of storytelling itself. It was adapted for the screen by Jean-Luc Godard in 1963. Documents the award-winning writer's experiences of living, working, and raising twin sons in Rome during the year following his receipt of a prestigious Rome Prize stipend, a period during which he attended the vigil of the dying John Paul II, brought his children on a snowy visit to the Pantheon, and befriended numerous locals. Reprint. 35,000 first printing. An autobiography of Moravia unusually set in the form of an interview with his friend, the writer Alain Elkann. It well illustrates how Moravia put much of his life into his books and demonstrates the literary use he made of the bourgeois world of his childhood in Rome, of his encounter with facism under Mussolini, of his months in hiding from the Germans in the mountains south of Rome, and of his marriage to two of the leading writers of his time - Elsa Morante and Dacia Maraini. Alberto Moravia's classic novel 'The Woman of Rome' is also available from Turnaround. Lucio, a young man tempted by thoughts of suicide, travels to Capri in order to sort out his life and falls in love with a young German woman

Inspired by the process of creating a library for his 15th-century home near the Loire, in France, Manguel, the acclaimed writer on books and reading, has taken up the subject of libraries in this captivating meditation on their meaning and significance. Depicts the majesty of the Eternal City from a unique vantage point, capturing the remarkable blend of ancient and modern in more than 150 color photographs

19 short stories set in the poorer parts and slums of Rome and whose heros are the ordinary people - plumbers, washerwomen, thieves, small shopkeepers and prostitutes. newspapers in London and Paris. He now lives in Rome and is a well-established writer. Contempt is a brilliant and unsettling work by one of the revolutionary masters of modern European literature. All the qualities for which Alberto Moravia is justly famous—his cool clarity of expression, his exacting attention to psychological complexity and social pretension, his still-striking openness about sex—are evident in this story of a failing marriage. Contempt (which was to inspire Jean-Luc Godard's no-less-celebrated film) is

an unflinching examination of desperation and self-deception in the emotional vacuum of modern consumer society. Secrecy and Silence are second nature to Marcello Clerici, the hero of *The Conformist*, a book which made Alberto Moravia one of the world's most read postwar writers. Clerici is a man with everything under control - a wife who loves him, colleagues who respect him, the hidden power that comes with his secret work for the Italian political police during the Mussolini years. But then he is assigned to kill his former professor, now in exile, to demonstrate his loyalty to the Fascist state, and falls in love with a strange, compelling woman; his life is torn open - and with it the corrupt heart of Fascism. Moravia equates the rise of Italian Fascism with the psychological needs of his protagonist for whom conformity becomes an obsession in a life that has included parental neglect, an oddly self-conscious desire to engage in cruel acts, and a type of male beauty which, to Clerici's great distress, other men find attractive. From the Trade Paperback edition.

Written in the form of Claudius' autobiography, this is the first part of Roberts Graves's account of the madness and debauchery of ancient Rome, and stands as one of the most celebrated, gripping historical novels ever written. A sampler of post-World War II Italian fiction, including excerpts from Ignazio Silone's *Bread and Wine* and Elsa Morante's *House of Liars*. Nothing on the title, however, a film by Roberto Rossellini. In this set of novellas, a few facts are constant. Sergio is a young intellectual, poor and proud of his new membership in the Communist Party. Maurizio is handsome, rich, successful with women, and morally ambiguous. Sergio's young, sensual lover becomes collateral damage in the struggle between these two men. All three of these unfinished stories, found packed in a suitcase after Alberto Moravia's death, share this narrative premise. But from there, each story unfolds in a unique way. The first patiently explores the slow unfurling of Sergio's resentment toward Maurizio. The second reveals the calculated bargain Maurizio offers in exchange for his conversion to Sergio's beloved Communism. And the third switches dramatically to the first person, laying bare Sergio's conflicted soul. Anyone interested in literature will relish the opportunity to watch Moravia at work, tinkering with his story and working at it from three unique perspectives. *Genuine or fraud?* In 1979, Chick Publications printed the first in a series of highly controversial comics based on the life of ex-Jesuit priest, Alberto

Rivera. Once converted to Christ, Alberto began exposing the Vatican's most closely guarded secrets. His information shocked the world. Responding to his startling statements, Rome and many so-called Christians cried, "Alberto is a fraud." For many years, the battle has raged. Millions have asked: "Is Alberto For Real?" Here is the answer ... 96 pages ... packed with rock solid evidence, proving Alberto Rivera is for real. History proves he's real! Many other writers prove he's real! If you've ever wondered about the veracity of Alberto's alarming allegations about the Roman Catholic church, this book is a must.

This novel, translated from Italian, centers around the dialogue between the male character and his prepotent penis, raising the question about the role of sexuality in creativity. The main character wishes to be a film director, but feels his sexuality interferes with his art. One reviewer noted there was about this book many pages of rather boring "tintillation but no consumation," while another labelled it "weird, but very interesting..." This voyage of exploration chronicles twenty-four hours in the life of a Roman patrician, beginning at dawn on an ordinary day in the year 115 A.D., with Imperial Rome at the height of its power. Trouble is the result when Sylvio, a wealthy Italian dilettante with literary aspirations, and his beautiful wife, Leda, move to the country and agree to forgo sex to give Silvio the energy to write a successful novel, especially when Antonio, the local barber, is thrown into the combustible mix. Reprint.

This study of Alberto Moravia's writing over a 60-year period concentrates on the major novels, *The Time of Indifference*, *The Women of Rome*, *Two Women*, *The Conformist*, *The Empty Canvas*, and *The Lie*. Moravia's short fiction and non-fiction are also given consideration, especially his Roman tales and essays of *Man as an End*. What emerges overall is the portrait of an intellectual and craftsman faithful to his interior life and inspiration while active as a public figure in Italian society. * Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary you will discover the extraordinary life of Cleopatra, Queen of Egypt. You will also discover : that Cleopatra made Egypt richer and more powerful; that Caesar's influence enabled her to establish her power on the throne of Egypt; that after Caesar's death, Cleopatra turned to a new, politically powerful man, Antony; that Anthony and Cleopatra had a passionate love affair; that the war between

Antony and Octavian, in which Cleopatra was involved, was bloody. The legend of Cleopatra remained alive. For many ancient authors, including Plutarch and Horace, Cleopatra used her charm and sensuality to hold two powerful men under her yoke: Antony and Caesar. They even qualify her as a courtesan and a fatal monstrum, that is to say a fatal monster. Yet it is difficult, 2000 years later, to know whether she was motivated by passion or interest. A powerful queen, at a time when women were not considered, she had to face betrayals all her life. Her great intelligence and the support of Rome, intimately linked to the lives of her two lovers Caesar and Anthony, enabled her to rule Egypt with great authority and splendor. She remains today a legendary woman. Are you ready to plunge into Cleopatra's sensual and ferocious universe? *Buy now the summary of this book for the modest price of a cup of coffee!

An artist falls in love with his young model. The Italian film-maker Pier Paolo Pasolini was first and always a poet-the most important civil poet, according to Alberto Moravia, in Italy in the second half of this century. His poems were at once deeply personal and passionately engaged in the political turmoil of his country. In 1949, after his homosexuality led the Italian Communist Party to expel him on charges of "moral and political unworthiness," Pasolini fled to Rome. This selection of poems from his early impoverished days on the outskirts of Rome to his last (with a backward longing glance at his native Frill) is at the center of his poetic and filmic vision of modern Italian life as an Inferno. Pier Paolo Pasolini was born in 1922 in Bologna. In addition to the films for which he is world famous, he wrote novels, poetry, and social and cultural criticism. He was murdered in 1975. For nine months the two women endure hunger, cold, and filth as they await the arrival of the Allied forces." In this unconventional and accessible history, Italian best-seller Alberto Angela literally follows the money to map the reach and power of the Roman Empire. To see a map of the Roman Empire at the height of its territorial expansion is to be struck by its size, stretching from Scotland to Kuwait, from the Sahara to the North Sea. What was life like in the Empire, and how were such diverse peoples and places united under one rule? The Reach of Rome explores these questions through an ingenious lens: the path of a single coin as it changes hands and traverses the vast realms of the empire in the year 115. Admired in his native Italy for his ability to bring

history to life through narrative, Alberto Angela opens up the ancient world to readers who have felt intimidated by the category or put off by dry historical tomes. By focusing on aspects of daily life so often overlooked in more academic treatments, *The Reach of Rome* travels back in time and shows us a world that was perhaps not very different from our own. And by following the path of a coin through the streams of commerce, we can touch every corner of that world and its people, from legionnaires and senators to prostitutes and slaves. Through lively and detailed vignettes all based on archeological and historical evidence, Angela reveals the vast Roman world and its remarkable modernity, and in so doing he reinforces the relevance of the ancient world for a new generation of readers. In ways no guide book can achieve, these twenty absorbing tales by Italian authors ranging from Boccaccio in the Middle Ages to Giacomo Casanova in the eighteenth century, to Pier-Paolo Pasolini in the twentieth and contemporary new writers such as Melania Mazzucco and Igiaba Scego, offer the delight of discovering and exploring one of the world's most unique cities thorough a wide variety of individual lives and epochs. The tales span seven hundred years but rather than being ordered chronologically, old and new appear alongside one another, reflecting the dual identity of Rome - thriving, modern metropolis and ancient city centre that is one of the wonders of the world. The tales are wonderfully varied in style, tone, and subject matter. Casanova sets about seducing the hotelier's daughter only minutes after his arrival, a notorious Spanish prostitute in Renaissance Rome endures a public hiding without flinching, a Danish tourist in her sixties finds an unusual lover, Pope John Paul II uncovers a vast conspiracy against him, a medieval revolutionary demagogue suffers almost the same fate as Mussolini. Each story is illustrated with a black-and-white photograph and there is a map of Rome to help readers locate the important sites which feature in the text. A deep sense of timelessness, of separate destinies entwined across a gulf of centuries, is the cumulative effect of this vivid mosaic of dramatic, comic, and tragic stories set in the Eternal City. A daughter and her mother fight to survive in Rome during the Second World War. Cesira, a widowed Roman shopkeeper, and Rosetta, a naive teenager of beauty and devout faith.
