Disaster Robotics May 31 2021 This book offers the definitive guide to*

*the theory and practice of disaster robotics. It can serve as an introduction for researchers and technologists, a reference for emergency managers, and a textbook in field robotics. Written by a pioneering researcher in the field who has herself participated in fifteen deployments of robots in disaster response and recovery, the book covers theory and practice, the history of the field, and specific missions. After a broad overview of rescue robotics in the context of emergency informatics, the book provides a chronological summary and formal analysis of the thirty-four documented deployments of robots to disasters that include the 2001 collapse of the World Trade Center, Hurricane Katrina, the 2010 Haiti earthquake, the Deepwater Horizon oil spill, the 2011 Japanese earthquake and tsunami, and numerous mining accidents. It then examines disaster robotics in the typical robot modalities of ground, air, and marine, addressing such topics as robot types, missions and tasks, and selection heuristics for each modality. Finally, the book discusses types of fieldwork, providing practical advice on matters that include collecting data and collaborating with emergency professionals. The field of disaster robotics has lacked a comprehensive overview. This book by a leader in the field, offering a unique combination of the theoretical and the practical, fills the gap.*

*He, Was There as Well! Mar 17 2020 Join with a rather unorthodox captain of a gas tanker about to arrive in Mexico, where those not involved in cargo handling were sent ashore to buy all the things needed for his antipiracy protection. Keeping a secret of just how much money he has in his safe, he was about to get another ship free after being hijacked. Going to a port that doesnt actually exist and realizing that this was an attempt at hijacking his ship, he foils it. The voyage continues with more adventures on the way, including terrorism, finding precious stones, diverting to assist a ship in distress, and having more adventures in a port in Brazil. All the time, he has three stowaways on board and, eventually, more passengers, including the ships owner.*

*Fish Sauce Jul 01 2021 Fish Sauce is realistic fiction, and Anhthao's second anthology collection. With her memory, she invites readers to travel with her to Vietnam and go back to the time before and after the pivotal year of 1975. Anhthao also exposes her continuing journey in the United States, from the perspective of a newcomer, throughout nearly 100 short pieces of writing. Fish Sauce is dedicated to Cheri Johnson, Anhthao Bui's best friend, who is scrutinizing and zealous about Vietnamese culture, tradition, and people.*

*accessible once again using print-on-demand technology. This title was originally published in 1954.*

*International Business Ethics Aug 02 2021 This book addresses an essential need felt by many who seek to promote best business practices in China and East Asia - namely the need for culturally appropriate instructional materials (basic information, case studies and ethical perspectives) that will allow managers and entrepreneurs to understand and embrace the challenge of moral leadership in business. In an era characterized by globalization and the increasing importance of the economies of China, India, Japan and SE Asia, international business ethics must reflect the concerns of the people living and working in this area, the moral and spiritual traditions that have nurtured them and their specific contributions to sustainable development. This book presents twenty important case studies, taken from newsworthy events of the past few years, in which Asians and others have attempted to respond to this challenge. Each case study has been selected and shaped in order to highlight various aspects of doing business in Asia, starting with basic principles and moving on to the specific responsibilities that businesses have towards their various stakeholders. The authors contend that the best way to appreciate the relevance of Asian moral and spiritual traditions is to determine their specific contribution to virtue ethics, where the ancient traditions of both East and West converge in their focus on the qualities of moral leadership that form the basis of best business practice. Exploring the case studies will enable readers to appreciate the continued relevance of these ethical perspectives in Asian business. Best business practice clearly involves learning to do business and playing the game according to the rules; but the necessity of playing by the rules is not likely to become clear until one takes up the path that leads to a virtuous life in business, developing a moral character chiefly based on integrity.*

*Jaguar Jan 15 2020 Two top of the line modern warriors, both orphaned in childhood, hunt one another throughout the cities and jungles of Latin America. As their hunt progresses, both discover they have been lured into this contest by Jaguar, a great spiritual power of the Amazon. Their hunt for one another turns into an otherworldly spiritual ordeal orchestrated by magical powers of the Amazon, an ordeal in which the*

*former methods and rules by which they have fought and survived as modern day warriors are useless. Both men are motivated by deep, unshakable love. John Ashbrook, ex Navy SEAL turned deep cover spy, is hunting for his missing mentor and best bud, Ronnie Bates. Bates is the only close tie Ashbrook has let in since his family died when he was a young boy. As Ashbrook tries to pick up Bates' trail, Bates begins appearing in Ashbrook's dreams, dropping clues that actually work in the real world. Bates' clues lead Ashbrook to Rafael Sanchez. Cast adrift on the harsh streets of Caracas Venezuela by the death of his parents at age 11, Rafael became a thief to provide for his 6 year old sister Maria. With his exceptional skills, athletic prowess and fierce courage Rafael rapidly shot up the ranks of the cartels, eventually becoming Pablo Escobar's top gun and right hand man. But Rafael now wants to break free from the darkness of his past life to find a new, decent life with Isabel Londono, a woman he loves passionately. Isabel believes Rafael is a successful businessman and knows nothing of Rafael's dark side, but begins to suspect that he may have one. Their relationship is threatened and pushed into crisis as she presses Rafael to confide in her, but Rafael resists as he knows there are powerful men that would kill her or worse to find him. Jaguar's power is irresistible as he draws the men into the battle of their lives, facing their ultimate match as warriors in each other. From its beginning to the end this hunt is a high tension guessing game for both men as nobody, not even the highly accomplished native seers the men consult, can fathom what Jaguar's ultimate design is. In a bizarre turn of events, Isabel unwittingly does the one thing that radically alters the fate of both men, proving that even in the great warrior Jaguar's world love and its power of redemption are formidable forces to be reckoned with. But even with that, the men's fierce battle will take them on an unforgettable journey into the realm of death. It is only here that Jaguar's final test will take place and his ultimate design will be revealed.*

*Inside the Coal Industry* Mar 09 2022 Some commodities command massive economic, social, and political influence. This title examines the business around coal, one of the world's most important sources of energy. It explores the history of the coal industry, coal's environmental impact and what is being done to mitigate it, and the future of the coal industry and coal technology. Features include essential facts, a glossary, selected bibliography, websites, source notes, and an index. Aligned to Common Core Standards and correlated to state standards. *Essential Library* is an imprint of Abdo Publishing, a division of ABDO.

*It Was Nothing!* Apr 29 2021 This story provides a gentle, light-hearted introduction of the naivety of youth, highlighting the potential of Mary Lewis to succeed in commerce and the determination of Alun Carpenter, who was destined to achieve much public good. The journey covers the period of 1944 to 2009 and gradually adopts a serious note, as indeed does the style of the author, who beguilingly unfolds the theme of love, aspirations, and selfless devotion, where the majority of driving forces tenderly radiate from the ladies of the tale. With originality of thought, the reader is taken along a winding roller-coaster ride of a fusion of emotions and prejudice, ranging from surprising humour to disappointment and grief. Rivalry—the potential for making enemies—greed, and retribution become important threads, leading to a gripping insight into blackmail and four murders. The reader is left to discover who is brought to justice. Alun Carpenter retires from the police service and is charged with murder. The evidence against him is conclusive, but what will happen to him and his family? In the twisting account of the final chapter, all is revealed as to the identity of the persons who sought retribution against Carpenter and those who

*surprisingly assisted him. It concludes with the outcome of Mary's apparent affaire and business enterprise. Those who have read the story considered it to be a fascinating, totally absorbing, highly enjoyable experience; and their only disappointment was that it came to an end.*

*Atomic Ranch Midcentury Interiors Oct 12 2019 Atomic Ranch Midcentury Interiors showcases the virtues of the popular and ubiquitous ranch houses that sprang up across the country following World War II. It features the exceptional interiors of eight houses, discusses successes and challenges, and shows how to live stylishly. Tips are shared on color, flooring, window coverings, furniture arrangements, and how off-the-shelf components can be turned into custom features. The homeowners' stories explain why these rooms work, and provide you with resources and ideas for everything from garage doors to the art on the wall. Writer Michelle Gringeri-Brown and photographer Jim Brown publish the quarterly magazine Atomic Ranch, which features ranch homes built all across America. They are the authors of Atomic Ranch: Design Ideas for Stylish Ranch Homes and live in Portland, Oregon, in a 1952 brick ranch.*
