It Ends with Us Sep 28 2020 In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, It Ends with Us is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

The Road Jan 01 2021 The post-apocalyptic modern classic with an introduction by novelist John Banville. In a burned-out America, a father and his young son walk under a darkened sky, heading slowly for the coast. They have no idea what, if anything, awaits them there. The landscape is destroyed, nothing moves save the ash on the wind and cruel, lawless men stalk the roadside, lying in wait. Attempting to survive in this brave new world, the young boy and his protector have nothing but a pistol to defend themselves. They must keep walking. Winner of the Pulitzer Prize for Fiction, The Road is an incandescent novel, the story of a remarkable and profoundly moving journey. In this unflinching study of the best and worst of humankind, Cormac McCarthy boldly divines a future without hope, but one in which, miraculously, this young family finds tenderness. An exemplar of post-apocalyptic writing, The Road is a true modern classic, a masterful, moving and increasingly prescient novel. Truth and Storytelling Jan 13 2022 The goal of this book is to guide writers toward creating more authenticity in visual storytelling. One of the needs for art is the mirror, a reflection of human existence and what is glorious, tragic, wonderful, and funny about life. In an age of "post-truth," where derivative and grotesquely bogus stories are abundant,

globally networked, and digitally streamed, this book examines what it means to both artists and audiences when the mirror is consistently distorted, inaccurate, and biased. The book offers a guide for finding authenticity in fictional narrative, regardless of genre or form. The book is intended as a compass for writers to better understand and confront the truths they want to reveal through narrative stories and how to find legitimacy in the fictional characters and situations they create. One element that sets this book apart from others is the use of storyboarding to explain ideas. There are many books that teach fundamentals of writing and producing for the screen, promising the reader great success through formula. This book is a guide for writers in finding their unique creative voice. While the emphasis of this book is on creating scripts intended for production of moving image media, the guide can be adapted to the creativity of various types of storytellers working in a variety of media fields.

Screenwriter's Compass Feb 20 2020 Many screenwriting books emphasize structure and plot to the detriment of character and, perhaps partly because of this, a frequent flaw of the modern screenplay is the over-reliance on plot as the GPS of the composition journey. In Screenwriter's Compass, Guy Gallo shows aspiring and professional screenwriters how to move away from the turn-by-turn directions of the outline and navigate more intuitively. Screenwriters will see that narrative grows out of behavior and will stop pushing and pummeling their characters to fit the outline. With Gallo's guidance, screenwriters will learn how to root their funniest prose and catchiest dialogue in character and voice to make their worlds real.

It Chooses You Mar 03 2021 In the summer of 2009, Miranda July was struggling to finish writing the screenplay for her much-anticipated second film. During her increasingly long lunch breaks, she began to obsessively read the PennySaver, the iconic classifieds booklet that reached everywhere and seemed to come from nowhere. Who was the person selling the "Large leather Jacket, \$10"? It seemed important to find out - or at least it was a great distraction from the screenplay. Accompanied by photographer Brigitte Sire, July crisscrossed Los Angeles to meet a random selection of PennySaver sellers, glimpsing thirteen surprisingly moving and profoundly specific realities, along the way shaping her film, and herself, in unexpected ways. Elegantly blending narrative, interviews, and photographs with July's off-kilter honesty and deadpan humour, this is a story of procrastination and inspiration, isolation and connection, and grabbing hold of the invisible world.

Screenwriting Nov 30 2020 The great challenge in writing a feature-length screenplay is sustaining audience involvement from page one through 120. Screenwriting: The Sequence Approach expounds on an often-overlooked tool that can be key in solving this problem. A screenplay can be understood as being built of sequences of about fifteen pages each, and by focusing on solving the dramatic aspects of each of these sequences in detail, a writer can more easily conquer the challenges posed by the script as a whole. The sequence approach has its foundation in early Hollywood cinema (until the 1950s, most screenplays were formatted with sequences explicitly identified), and has been rediscovered and used effectively at such film schools as the University of Southern California, Columbia University and Chapman University. This book exposes a wide audience to the approach for the first time, introducing the concept then providing a sequence analysis of eleven significant feature films made between 1940 and 2000: The Shop Around The Corner / Double Indemnity / Nights of Cabiria / North By Northwest / Lawrence of Arabia / The Graduate / One Flew Over the Cuckoo's Nest / Toy Story / Air Force One / Being John Malkovich / The Fellowship of the Ring

The Crossed-Out Notebook Jul 07 2021 From the Academy Award-winning cowriter of *Birdman*, a wonderfully eccentric, suspenseful debut in the tradition of *Misery* and *Kiss of the Spiderwoman* about a screenwriter kidnapped by a world-famous director who orders him to compose a masterpiece. Pablo, a failed Argentine novelist-turned-screenwriter, has been kidnapped by the greatest Latin American film director of all time and is kept in a basement where he works, day after day, on what he is told must at all costs be a great, world-changing screenplay. Every night, after finishing work on the script, Pablo writes in his notebook and every morning he crosses out what he wrote the night before. *The Crossed-Out Notebook* is Pablo's diary of this time: being brought food by a maid; being threatened with a gun; vociferously arguing with the director about what he's written the previous day. The clash between the two men and their different approaches leads to a movie being made, a gun going off, an unlikely escape, and a final confrontation. In the end, *The Crossed-Out Notebook* is a darkly funny novel full of intrigue and surprise about the essence of the creative process; a short, crazy ode to any artist whose brilliance shines through strangeness and adversity.
